MEMORANDUM FOR: See Distribution

FROM : David Y. McManis
National Intelligence Officer for Warning

SUBJECT : NOIWON Upgrade

1. During the 25-27 April 83 Washington Area Operations/Intelligence Centers' Conference (WAOCC), an informal DCA proposal for a follow on conferencing capability was briefed by [redacted] (ICS/IHC) and a draft of the proposal was distributed.

25X1

2. The WAOCC generally agreed that planning for a new system is required and the initial eight and one-half year estimate of time required to field the operational system indicates that we are already behind in developing the future capability.

3. Please review the attached draft and be prepared to change the requirements or concur on their validity for our centers at the 27 July 83 WAOCC meeting. Our intention is to formally state our requirements through ICS/IHC. Your comments on the length of time for the development cycle are especially requested.

David Y. McManis
